

## ARTIST BIOGRAPHICAL RECORD

Artist name:

Robbrecht, Elmar V. L.

City and country of birth:

Evergem, Belgium

Residence:

Belgium

Education:

Latin-scientific, Sint-Lievenscollege, Ghent, Belgium, 1964

Sciences and geography, Rijksnormaalschool, Ghent, 1968

Licentiate in botany, State University Ghent, 1972

Doctor of sciences (botany), State University Ghent, 1980

Career:

Military service, Soest, Germany, 1972–1973

Assistant, Laboratory of Plant Physiology, State University Ghent, 1973–1974

First assistant, National Botanic Garden of Belgium, 1980–1983

Senior scientific officer, National Botanic Garden of Belgium, 1984–

Professor, Department of Biology, University of Antwerp, 1985–

Professor, University of Niamey, Niger, Africa, 1986

Artwork medium:

Pen and ink

Bibliography:

- Robbrecht. "*Hymenocoleus*, a new genus of Psychotrieae (Rubiaceae) from tropical Africa," *Bull. Nat. Plantentuin Belg.*, no. 45 (1975): 273–300.
- Robbrecht. "The tropical African genus *Hymenocoleus* (Rubiaceae – Psychotrieae): additions," *Bull. Nat. Plantentuin Belg.*, no. 47 (1977): 3–29.
- Robbrecht. "*Sericanthe*, a new African genus of Rubiaceae (Coffeae)," *Bull. Nat. Plantentuin Belg.*, no. 48 (1978): 3–78.
- Robbrecht. "Some observations in *Preussiodora* Keay (African Rubiaceae, Gardenieae)," *Bull. Soc. Roy. Bot. Belg.*, no. 111(1978): 3–9.
- Robbrecht. "The African genus *Tricalysia* A. Rich. (Rubiaceae – Coffeae): 1. A revision of the species of subgenus *Empogona*," *Bull. Nat. Plantentuin Belg.*, no. 49 (1979): 239–360.
- Robbrecht. "Studies in tropical African Rubiaceae (I): 1. A new species of *Tricalysia* subgenus *Empogona* from Gabon; 2. The position of the *Tricalysia auriculata* and *Neorosea adamii*; 3. A new species of *Batopedina* (Hedyotideae) from Shaba; 4. The distribution of *Batopedina* and *Parapentas*," *Bull. Nat. Plantentuin Belg.*, no. 51(1981): 165–189.

- Robbrecht. "Studies in tropical African Rubiaceae (II): 5. A survey of *Argocoffeopsis*; 6. A revision of *Calycosiphonia*," *Bull. Nat. Plantentuin Belg.*, no. 51 (1981): 359–378.
- Robbrecht. "The African genus *Tricalysia* A. Rich. (Rubiaceae): 3. *Probletostemon* revived as a section of subgenus *Tricalysia*," *Bull. Nat. Plantentuin Belg.*, no. 53 (1983): 299–320.
- Robbrecht. "The delimitation and taxonomic position of the tropical African genera *Leptactina* and *Dictyandra* (Rubiaceae)," *Pl. Syst. Evol.*, no. 145: 105–118. 1984.
- Robbrecht. "The identity of *Diplospora Africana* (Rubiaceae)," *South African journal of botany*, no. 51 (1985): 331–334.
- Robbrecht. "Studies in tropical African Rubiaceae: 7. A new species of *Tricalysia* sect. *Ephedranthera* from eastern Africa; 8. Intraspecific variation of *Batopedina pulvinellata* (Hedyotideae); 9. The genus *Tricalysia* in Somalia; 10. Morphological observations on the fruits and seeds of *Didymosalpinx* (Gardenieae); 11. Further notes on *Dictyandra congolana* (Pavetteae); 12. "Further notes on *Argocoffeopsis*," *Bull. Nat. Plantentuin Belg.* 56 (1986): 145–162.
- Robbrecht. "The African genus *Tricalysia* A. Rich. (Rubiaceae): 4. A revision of the species of section *Tricalysia*," *Bull. Nat. Plantentuin Belg.*, 58 (1988): 109–120.
