p Borch, Ole

Title Mousse purgative. (G)

MLP 3/63

Abbreviated reference Collect. Acad., Pt. Étrangère 4: 215. 1757.

Notes

- (1)* Actes Acad. Copenhagen, pt. hist. nat. Ann. 1671 & 1672. Observ. 66.
- (X) Native of Iceland. Used by the populace as a purgative in the spring while it was still green. When it dried off it was used for culinary purposes. Quotes the Yucca as having like properties, i.e. poisonous sap, but a parenchyme from which cassava was made.
