

BIBLIOGRAPHIA HUNTIANA / Form B — Botanical articles

Author(s) BUCKLAND, [William].

Title Coal-mines of Bohemia.

Abbreviated reference Penny Mag. (London) 8 (472): 312. 1839 [10 Aug.]

Notes Extracted from Buckland's Bridgewater treatise, i.e. Geology and mineralogy considered with reference to natural theology. 2 vol. London, Pickering, Ed.1. 1836; another issue 1836-1837; 2nd ed. 1837. Bridgewater treatise, no. 6. Since this work contains a great deal on fossil botany, I have included 3 H forms

Article contains a description of vegetable remains in the galleries of the [then] Bohemian coal mines.
