Author(s) <sup>f</sup>Clausen, C. H. E.

Title Ueber den kamphorartigen Bestandtheil der Herba meliloti.

*MP2067*  
Abbreviated reference Mitth. Med. 5 (7/8): 77-78. 1837 [Dec.].

Notes <sup>(Z)</sup>"C. H. E. Clausen, apothecary in Oldenburg ..." <sup>(X)</sup>The author determined by tests, suggested by the work of his friend, apothecary Guillemette of Neustadt, that the crystalline substance forming on dried specimens of this plant was indeed coumarin.
