Notes

(X) On studies reported by various authors: Boulay, Pelletier and
Caventou, Ellis, Clarke, Donovan, Henderson, Houston, Labillardiere,
Vauquelin, Gautier, Braconnot, Peschier. Corrections are made
for earlier reports on the discovery of ^{all} morphine, on rheumatic acids;
other reports concern substances in *varispermum cocculeus*,
Anthemis pyrethrum, *Lathyrus tuberosus*, *gingko biloba*,
and the naming of chlorophyll by Pelletier and Caventou.

Notes

A cursory survey of research in plant chemistry includes mention of
Pelletier and Caventou's studies on chlorophyll.
