BIBLIOGRAPHIA HUNTIANA / Form B — Botanical articles

Author(s) CORNE, [Hyacinthe]

Title Lin de Sibérie.

MLP 3466

Abbreviated reference Mém. Soc. Centr. Agric. Dép. Nord 1827/1828: 17-18. [1828] <after 12 July>

Notes An account of the difficulty experienced in obtaining the seeds of Siberian flax. Some had been procured from the Jardin du Roi; attempts had also been made to obtain from Siberia. Eventually obtained from Riga.

Margin title.
