Notes Note sub pl. 934, corrects name of the plant illustrated to "Narcissus calathinus <β>". John Sims in Gen. Indexes Plants Bot. Mag. 1/42(2): 70. 1817 gives latin name of this plant as "Narcissus odorus" and lists the name "Narcissus calathinus, β" as a synonym of Narcissus odorus in footnote in Gen. Indexes Plants Bot. Mag. 1/42(2): 91. 1817, erroneously referring to pl. "7" rather than to pl. 78
