

BIBLIOGRAPHIA HUNTIANA / Form B — Botanical articles

Author(s) ^PCusson, [Pierre]

H1 109598
B

Title Vertus fébrifuges de l'écorce de marronnier d'Inde.

Abbreviated reference ~~Ann.~~ Ann. Soc. Méd.-Prat. Montpellier 12: 161-185. 1808.

MLP 2725

Notes } Appears to be a repetition of the original work published by the elder Cusson,
(X) mainly of the historical survey of the uses of the horse chestnut, { probably
here published through the efforts of the son. }
