B

Author(s) ~~RAFFENEAU DE LILLE i.e. [DELILE, Alire Raffeneau]~~

*Cuvier, Georges Léopold Chrétien Frédéric
Sagobert (Baron)*

Title Sur un nouveau genre de conferves marines.

Abbreviated reference Arch. Découv. Invent. Nouv. [20] ~~...pendant l'année 1827: 50-52. 1828.~~

MLP 226A

Notes (X) Names given by contemporary botanists to this particular species of marine algae.
acetabulum - Tournefort; tubularia acetabulum - Gmelin; corallina androsace -
Pallas; regarded by them as a polypary; Delile considered it as a type of algae.
