In a note the
⊗ Notes Editor J. W. Dalman [?], *Compares* ~~treats~~ synonymy of Wikströmia *Sprengel* with the *of the* genera described by Schrader and Nees von Esenbeck, respectively.

An editorial committee, consisting of one editor for each of the nine classes of membership, was set up 6 June 1821. Since J. W. Dalman represented botany and zoology, he may be presumed to have written the taxonomic note here cited.
