Author(s)^p DE MOIDIÈRE, Othon.

Title Sur quelques céréales indiennes.

MLP 2662

Abbreviated reference Compt. Rend. Trav. Soc. Roy. Agric. Lyon 1818: 76-78. 1819.

Notes ^(x) Letter written by O. De Moidière to the Society about 6 varieties of Indian cereal plants, seeds of which were sent with the letter. There were also seeds of 3 varieties of rice. The cereal came under the name Paspalum frumentosum, the following Indian names are added: Peroun-varagon; Couron-varagon, Ela-varagon; Oudon Pouli-varagon; Seton Kejit-San-varagon; Eudon Pouli-Cali-varagon. Rice included: Indian grey rice, Indian white rice and Indian red rice. A cutting of Glycine tomentosa was also included.
