BIBLIOGRAPHIA HUNTIANA / Form B — Botanical articles

B

Author(s) P^r Don, P. N.

Title On the culture of Stanhopea.

Abbreviated reference Gard. Gaz. 1840(200): 694. 1840[31 Oct.].

MLP 1635

Notes { "By Mr. Don, of Tooting Nursery". }
⊗ Eleven species are described in brief. " ... the greater portion of the genera of Orchidea are a mass of confusion, as they are at present constituted. Unless botanists pay more attention to the outward forms of Orchideous plants, and less to the inute parts of their flowers, they will never be able to form any thing like proper genera."
