Author(s) ^pDROUET, Charles, X

Title Réflexions et observations sur l'hiver de 1822.

Abbreviated reference Mém. Soc. Émul. Cambrai 1822: 36-37. ^{Feb.} 1823.
MLP 3441

Notes Abstract of a paper presented to the Society by the Soc. Roy. Arts du Mans.
Having reviewed all the years from the 12th century, whose winters were temperate, Drouet described the remarkable effects on vegetation of the weather, observed in Le Mans and the surrounding districts from 1 Jan.-16 Feb. 1822.
Included in Exposé analytique ... for 1822.
