B

Author(s) DUMORTIER, [Barthélemy-Charles].

Dumortier, Barthélemy Charles Joseph

Title Nouvel organe découvert dans les graminées.

Abbreviated reference ~~Arch. Découv. Invent. Nouv. [18] ... pendant l'année 1825: 58-59. 1826.~~

Arch. Découv. Invent. Nouv. 1825: 58-59. 1826

MLP 226 A

Notes (X) The new organ was named scobina by the author. The presence or absence gave him the first two divisions of grasses, which he named either scobiflores, when the flowerets were inserted in the scobina, or califlores when they were on the callus of the glume.
