

Author(s)

Elscholtz, Johann Sigmund

Title

Von einem in dem Berliner Stadtgraben
hervor quellenden rothen Wasser.

Abbreviated reference

Röm. Kaiserl. Akad. Naturf. Auserlesene Med.-Chir. Abh. 8: 116-124. 1760.
MLP 275 A

Notes

LXXIX. Wahrnehmung. Dated Berlin, 20 June 1677

E. describes detailed the red water and his
experiments but comes to the result that the
colour must be produced by a mineral. His
description is botanical but the article is not
botanical.
