B

Author(s) [J.B. Eyriès and Malte-Brun? Editors].

^PEyriès, J.B., & ^PMalte-Brun, Conrad (Ed.)
(Ed.)

Title Le camphrier de Sumatra.

Abbreviated reference ⁽¹⁹⁾ ~~Nouv. Ann. Voyages. 7_A: 228-229. 1820.~~

Nouv. Ann. Voyages 7[(19)]: 228-229. 1820

MLP 1101A

Notes Kaempfer had said that the Sumatran camphor was different from that of China and Japan. Corrêa de Serra thought it close to Shorea robusta, Macdonald of the Asiatic Society of Calcutta described it as Dryobalanops camphora and classified it with the Guttiferae of Jussieu. Short description of the tree.

Translated abstract from Asiat. Res. vol. 12.
