FALCONAR, A. Hugh ?

(Deputy-Secretary of the East India Company).

Title

Three boxes, containing plants, collected at Pulo Pinang.

Abbreviated reference Ann. Agric. Other Useful Arts 28 (160): [337]. 1797 [April?]

MLP 3914

Notes This comes in the second article entitled "Culture of cochineal, and drilling in Bengal. Communicated to the Editor by the Hon. the Court of Directors of the East India Company", pp. [337]-349. This article comprises numerous ^{various} ₁ miscellaneous subjects besides the culture of cochineal.

The boxes mentioned in this title included 1) 312 plants of a tree that yielded resin 2) 346 plants of a tree which yielded large masts, commonly called poon. 3) 200 plants of the elastic gum, or Indian rubber tree.
