Feilberg, P. D., ed. & transl.

Title

Beretning om nye eller skjønne blomstrende siirplanter.

[[An account of some new or showy ornamentals]]

Abbreviated reference Have-Tidende 4: 292-303, 1838

MLP 614

Notes

Twenty species are briefly treated. On p. 293, ~~ed.~~ complains of inadequate description of Adanson's Anemone semperflorens and suggests the possibility of its being a synonym for A. coronaria L. or A. hortensis.
