

BIBLIOGRAPHIA HUNTIANA / Form B — Botanical articles

114279

B

Author(s) ^P Forster, Joh[ann] Reinh[old]

Title Om människo-slågtet uti Söderländerne. [On the human race in the South Seas]

Abbreviated reference

MLP 624

Hist. Bibliot. 6(28): 221-224. 1785 [7 June],

Notes

This is the only excerpt from Forster's Bemerkungen uber Gegenstände der physischen Erdbeschreibung, Naturgeschichte und sittlichen Philosophi, auf seiner Reise um die Welt gesammelt ...which can be said to contain some general botanical remarks and observations, mostly on the feasibility of introducing and propagating the foodcrops known to Europeans and to inhabitants of the northern hemisphere, as a boon to the peoples of the South Seas.
