Author(s) ^P FOURNEL ^X Dominique-Henri-Louis ^X.

Title Plantes d'ornement.

Abbreviated reference ~~Mém. Acad. Roy. Metz 19^e année, 1837-1838, supplément 69-72. 1838.~~

Mém. Acad. Roy. Metz 19: suppl. 69-72. 1838

MLP 916 A

Notes Article taken from the 3e section of "Exposition des produits de l'horticulture" edited by Fournel. In the abbrev. ref. I have called it a supplement. The article consists of the list of professional and amateur horticulturalists who won awards for the cultivated plants they exhibited at the show. MM. Simon-Louis, for the large number of new plants they exhibited as well as for the rarity of some of them: Glaxinia formosa, Cyclamen neopolitanum, Araucaria excelsa, Elychrisum proliferum, Gnaphalium eximium, Araucarium brasiliensis, several species of Rhododendrum, notably campanulatum and Russelianum.

Antoine Biesdorff: Gnaphalium eximium, Witsenia corymbosa, Burchellia capensis.

P.T.O.

Epatrum

celestinum, Lobelia coronofila, Melalanca coronata, Erica verticillata & sybiana.

M. Aubry (of Gorze): Fuchsia globosa major, Solanum maroniense, Erythrina cristi-galli, Gesneria Sellovi machrostachia, Justicia carnea, Phlox Drumondii.

M. Perrin: Cactus sulcatus, Bignonia grandiflora, Plumbago caerulea, ^{Erythrina}
Erythrina cristi.

M. Blondin: Hortensia opuloides.
