^p Francois, - & ^p Caventou, Joseph-Bienaimé & ^p Pelletier, Joseph

Title Recherches sur les propriétés chimiques et medicales de la racine de *Kahinea*

Abbreviated reference New-York Med. J. 1 (1) : 164-168. 1830 [Nov.]
 MLP 3517

Notes Extract translated by John Baxter, from J.Gen.Med. May 1830 [also in J. Pharm. 16 : 465-481. 1830]. Printed as a separate by Crepelet 1830. The editor comments that the plant was first reported by Samuel L. Mitchill (New-York N.Y. Med. Phys. J. Apr. 1829) after he received specimens of the root. The plant is identified as *Chiococca racemosa* or *anguifuga*.
