Title Cultivation of the tea plant in India.

Abbreviated reference

MLP 2856
Alexander's East India Mag. ~~in~~ Colon. ~~in~~ ^{ial}Commerc. J. 4 (25): 567-569. 1832 [Dec].

Notes Up to that time no tea had been cultivated in India, although various species were indigenous. G. suggested that tea should be cultivated in 5-6 different places in India, and also that Chinese should be invited to supervise the enterprises choosing the locations they thought most suitable. Not stictly botanical, but it gives the period at which tea was first ~~began to be~~ cultivated.
