Title [Phénomènes botaniques - été de 1834].

Abbreviated reference ^{MLP 501 A} Echo Monde Savant 1, 1^{re} année. (28): 111. 1834-35 [10 octobre 1834].
 1. I (28): 111. 1834/35 [10 Oct. 1834].

Notes Botanical phenomena attributed to the great heat of the summer of 1834th ^{in garden}
 1). From Valenciennes, 25 September, had come the news that a vine had fruited early, re-flowered and produced a second crop of fruit, which would be ready for picking in October.
 2). From Geneva: all the alpine flowers had bloomed for a second time, including the rhododendrons.

Made up title.
