Title Sur une espèce de variété de fraisier semi double; par M. Madiot.

MLP 2662

Abbreviated reference Compt. ~~et~~ Rend. Trav. Soc. Roy. Agric. Lyon 1820/~~1821~~: 174-175. 1821.

Notes Article on observations by Madiot who found this specimen in a sheltered spot in Nov. 1804 at Moidiere, Dept. of Isere; he took it to his own garden and had cultivated it there to that day. Description of the flower and fruit. M. Gilibert to whom it was shown thought it was a new species. Could it not be named, says Grogner, Fragraria multiflora?
