Title Détails sur l'histoire naturelle de la plaine de Crau; par M. Bouthier-Borgard.

MLP 2662

Abbreviated reference Compt. Rend. Trav. Soc. Roy. Agric. Lyon 1821/1822: 224-228. 1822.

Notes Abstract.

Plants growing there:

(spurge-flax)

A variety of Kali, with fibrous stalk, a species of garou used by the peasants as a purgative; a scabious which flowered at hay-making time and the kermès oak a bush with very shiny leaves, in which lived the insect which had given its name to the bush.
