Title Introduction du chanvre bolonais; par M. Bonafous.

MP 2662

Abbreviated reference Compt. Rend. Trav. Soc. Roy. Agric. Lyon 1823/~~18~~24: 93-96. 1824.

Notes Abstract by G.

Bonafous had thought that the flax of Piedmont, especially a type named Bolonais, was better than that grown around Lyon and had sent seed from Italy to the departmental nursery, from which it had been distributed by Madiot and Remond.

[Bonafous originated from [?]Lyon].
