Title Sur l'agavé d'Amérique; par M. Madiot.

MLP 2662

Abbreviated reference Compt. ^gRend. Trav. Soc. Roy. Agric. Lyon 1823/1824: 171-172. 1824.

Notes Abstract.

Description of the flowering of this tree in 1823 at the garden of la Tourrette belonging to M. de St. Trivier. This plant died after flowering but Madiot managed to obtain seeds after putting one of the corymbs in water in his nursery. Originated New World, brought to Europe in the 16 and naturalized in Spain. It could also be naturalized in the S. of France.
