B

Author(s) P^r H.

Title On the curl in potatoes. With a radical cure.

MLP 3914

Abbreviated reference Ann. Agric. Other Useful Arts 31 (177): 417-419. 1798

Notes Dated: 18 July, 1798.

The disease is not described, but H. puts forward the proposition that the curl may, in fact, be a variety produced from the practice of raising the plant from the apple.
