Notes Letter dated 14 Apr. 1803 (24 Germinal , an 11) Paris. The author of the letter mentions that he is preparing to translate Link & Hoffmannsegg's journey through Portugal, France and Spain. In addition he would also translate another Portuguese work "Essai politique sur le commerce du Portugal et celui de ses colonies, etc. 1797, by José Joaquim de Cunha de Azeredo Coutinho, Bishop of Pernambuco. The reason for this was that although Link had wished to publish in his work, details of the trade of Portugal he had not had enough time to obtain information on this topic. Translator's name not given in BM copy.
