

BIBLIOGRAPHIA HUNTIANA / Form B — Botanical articles

118604

B

**Author(s)** Hedwig, - (Dr.)

**Title** Kichern-Kaffee

MLP 3075

**Abbreviated reference** Anz. Churfürstl.-Sächs. Leipziger Ekon. Soc. 1799 (Ostermesse):  
4-8. 1799

**Notes** Paper read at a meeting of the Leipziger Ukonomische Societät, 26 February 1799. Cicer arietinum L. is suggested as a substitute superior to some of the earlier ones. A more recently described species, Cicer sativum Schkuhr, Weisse zahme Kicher, Zisererbse, Kaffeeerbse, is also to be used experimentally.

Includes introductory and concluding remarks (p. 4, pp. 7-8)  
by the anonymous editor.
