B

Author(s) ~~Rien, Johann, ed.~~ Hedwig, — (Dr.)

Title Kichern-Kaffee <Cicer arietinum L.>.

MLP 2076

Abbreviated reference Neufortgesetzte Samml. Ökon. Schriften 1800(1): 4-8.
1800

Notes

~~Account of the~~ Paper read by Dr. Hedwig at a meeting of the
Leipziger Ökonomische Societät, 26 February 1799. Cicer arietinum L.
is suggested as a substitute superior to some of the earlier ones.
A more recently described species, Cicer sativum, Weisse, Kicher,
Zisererbse, is to be used experimentally, also. Zahme

Kaffeeerbse,

Schkuhr

Includes introductory and concluding remarks (pp. 4, 7-8) by
the anonymous editor of the original journal

From MLP 3075 Anz. Churfürstl.-Sächs. Leipziger Ökon. Soc. 1799
(Ostermesse): 4-8. 1799
