B

Title Culture du cresson.

MLP 3942
Abbreviated reference Cultivateur (Paris) 11 [9]: 525-533. 1835 [Sept.]

Notes Gives habitat; class of plants it belongs to. Notes on the spread of its cultivation in Germany. Information of Cardon and his efforts to introduce a similar cultivation near Paris. In 1811 Cardon established cress beds at Saint-Léonard, between Senlis and Chantilly. P. 532 (footnote) gives a list of cress beds and owners in the Paris area.
