BIBLIOGRAPHIA HUNTIANA / Form B — Botanical articles

121602

B

Author(s) <sup>8</sup> Hornemann, J. W. Jens Wilken

Title Curtii Sprengelii Historia rei herbariae, vols. 1-2. Amsterdam 1807.

Abbreviated reference J. Udenl. Lit. <sup>(B1)</sup> 2: 534-537. 1810 [Oct./Dec.]  
MLP 3309A

Notes <sup>C</sup>orrects some misconceptions of Sprengel's resulting from uncritical acceptance of Gunnerus as authority. "Otto Frederik Müller should be remembered, not so much as the author of Flora frederiksdalina, an overrated work, as for his ~~excellent~~ <sup>competence</sup> capability as a student of cryptogams."
