Title Om Fucus buccinalis Lin.

Abbreviated reference ~~Danske Vidensk. Selsk. Naturvidensk. Math. Afhandl.
3: 379-390. 1 plate. 1828.~~

MLP 478 A Kongel. Danske Vidensk. Selsk. Naturvidensk. Math. Afh. 3: 379-390. 1 pl. 1828

Notes Latin diagnosis and synonyms are given. The plate, a colored engraving, shows the plant in a reduction to 1/3 of its natural size. The designer is Johann Theodor Bayer (1782-1873), who is said to have contributed over 3,000 of the plates for Flora danica, and the engraver, O. O. Bagge (1780-1836). Judging by Pritzel ed. 1, 4703 and Decne. 2173 the article also appeared as a separate.
