

Author(s)

Horsfield, ed. [Horsfield, Thomas]

Title

[An essay on the opopon or poison tree]
Naval Chron.

Abbreviated reference

Analectic mag. ⁽⁵²⁾ 374-379. 1816 [Nov.]
MLP 2787A

Notes

Extracts (with comments by the editor? Wharton, Thomas Isaac) from the Asiatic Journal & (6 and 7) June and July 1816; which in turn extracted is from Travels. Lit. Philos. Soc. Jans. vol. 7. Two species, called by the inhabitants antshar and tshettak, are now identified scientifically. *Criminum asiaticum* is cited as the antshar.
