121954

B

Author(s) ^{P.} HUGEL, (Baron) Carl F. von Alexander Anselm (Freiherr) von

Title Notice of a visit to the Valley of Kashmir in 1836.

Abbreviated reference

J. Asiatic Soc. Bengal 5 (51): 184-187. 1836 [Mar.]

MLP 1665

Notes Not a great deal of botany. Notes, however, that Platanus orientalis (Chunar) is not a native of the area and does not reproduce by seeds there. Its multiplication had been carried out by means of cuttings, a practice which had not been kept up. Nilumbium [Nelumbium?] speciosum grew where orange trees had been destroyed by frost.
