MLP 1257 A

Notes A note on the return journey of Leschenault de la Tour, who started out from Bourbon on Feb. 1st 1822. Mention made of the plants he was bringing back (not by name), the publication of his memoir on the cinnamon bush and the improvement of cotton trees on the island by grafting cotton slips onto the following: hitifeus populueus, [i.e. hibiscus populneus?], guasuma, hibifeus liliflorus, [i.e. hibiscus liliflorus].
