

Author(s) Thomas, David

Title Remarks on the specific character of *Corydalis formosa*
and *Corydalis canadensis*.

MLP 97A
Abbreviated reference Amer. J. Sci. Arts 26(1): 114-116. 1834. 1 plate.

Notes "Communication" 2, accompanied by drawings made
by author, presents *Corydalis canadensis* as a valid
Species, rather than as "a division" of *C. formosa*,
as ~~was~~ treated by Prof. Amos Eaton.
