

## BIBLIOGRAPHIA HUNTIANA / Form B — Botanical articles

Author(s) [TIMBS, J? ed.]

Title Fossil organic remains: plants.

MP 3081

Abbreviated reference Arcana Sci. Arts ed.2, 1828: 136-137. 1828.

Notes Discovery of a large deposit of fossil plants near Scarborough. Included stems and leafy impressions of tropical plants. Asplenium in fructification, from frondescent ferns of exeptional beauty. Ed. says this is an abstract, but not from what.
