Title Description of a new species of Usnea, from New South Shetland; by ...

MLP 97A
Abbreviated reference

Amer. J. Sci. Arts 6 (1): 104-106. 1823.

Notes Usnea fasciata is illustrated by four drawings, pl. 9, made from specimens sent to Dr. S. L. Mitchill, of New York, and forwarded with an explanatory letter, to the author.

by Capt. [William John] Napier
