Author(s) ^p [Tully, William]

Title Diversity of the two sorts of Datura found in the United States.

^{MLP 97A}
Abbreviated reference Amer. J. Sci. Arts 6 (2): 254-258. 1823.

Notes American species of Datura, referred to D. stramonium, L., is here differentiated from the european species. Similarly, D. tatula is distinguished from the species found in the Cape of Good Hope. The article is unsigned, but is attributed to Wm. Tully both in the table of contents and in the index.
