

BIBLIOGRAPHIA HUNTIANA / Form B — Botanical articles

Author(s) G.T.
T.G.

Title De l'arbre à pain et de sa transplantation en France et dans nos colonies.

MLP 482
Abbreviated reference Décade Philos. 1796/ 97. IV(32): 266-270. 1796/ 97 [7 Aug. 1797]

(X)
Notes Also lists, pp. 266-267, the living plants brought back under the care of La Haye, gardeher, appointed to assist the scientists on ships which went in search of Lapeyrouse. P. 268 gives a long footnote of the instructions of Lapeyrouse to gardeners on the Île de France to conserve and multiply the bread fruit tree.
